

EZ Combos™

Give them what they want with EZ Combos™ from Syngenta Flowers!

Our new **EZ Combos™** are simplified container recipes consisting of two very compatible plants in either contrasting or harmonizing colors. Both plants will tolerate the same microclimate created within the container and have similar feed, water and light requirements.

EZ Combos™ will give home gardeners a balanced and pleasing look throughout the growing season!

Petunia **Violet Storm™**

'Storm' Petunias are proven performers. Increase your profitability with earliness, fewer PGRs and faster bench turns.

Exposure: full sun
Height: 12 – 14 in.
Width: 14 – 16 in.

Marigold **Inca II™ Yellow**

The 'Inca II' hybrid Marigold series was bred for a neat habit and large, fully double flowers supported on strong bloom stems.

Exposure: full sun
Height: 12 – 14 in.
Width: 12 – 14 in.

Zinnia **Magellan™ Scarlet**

'Magellan' Zinnias are very grower-friendly and were bred for exceptional performance on the bench and in the garden.

Exposure: full sun
Height: 12 – 14 in.
Width: 10 – 12 in.

Begonia **Bada Bing™ White**

Hybrid 'Victory' Begonias were bred to be compact, well-branched and perform well in packs and larger containers.

Exposure: partial shade to full sun
Height: 8 – 10 in.
Width: 6 – 8 in.

Geranium **BullsEye™ Pink**

'BullsEye' Geraniums feature dark chocolate foliage that retains its richness, even under high light conditions.

Exposure: full sun
Height: 13 – 15 in.
Width: 11 – 13 in.

Salvia **Picante Purple™**

Our 'Picante' landscape Salvia has all the refinement of our popular 'Salsa' salvia, but sports a larger, more vigorous plant habit.

Exposure: partial to full sun
Height: 14 – 16 in.
Width: 10 – 12 in.

Begonia **Go Go™ Light Yellow**
 Hybrid 'Go-Go' Begonia Tuberosa is a sturdy, durable series that really meets the challenges of today's most demanding professional growers.
 Exposure: partial shade to filtered sun
 Height: 8 – 10 in.
 Width: 8 – 10 in.

Impatiens **Xtreme™ Violet**
 'Xtreme' is by far the best choice for growers looking for a uniform, early and compact series with superior seed quality.
 Exposure: partial shade to filtered sun
 Height: 8 – 10 in.
 Width: 8 – 10 in.

Trailing Petunia **Ramblin'™ Lavender**
 Trailing Petunia **Ramblin'™ Pink**

'Ramblin' trailing Petunias were bred to be grower friendly and still perform beautifully in the garden. Gardeners tell us they prefer the mounding and spreading habit of 'Ramblin' over the competition!
 Exposure: full sun
 Height: 10 – 14 in.
 Width: 30 – 36 in.

Trailing Petunia **Ramblin'™ Red**
 Trailing Petunia **Ramblin'™ White**

'Ramblin' trailing Petunias were bred to be grower friendly and still perform beautifully in the garden. Gardeners tell us they prefer the mounding and spreading habit of 'Ramblin' over the competition!
 Exposure: full sun
 Height: 10 – 14 in.
 Width: 30 – 36 in.
